

PROKLEEN 1000

GENERAL DESCRIPTION

PROKLEEN 1000 is a heavy-duty caustic spray cleaner for ferrous metals. It incorporates a blend of surfactants that are stable in highly caustic solutions, allowing them to maintain their effectiveness. A high tolerance for contamination provides for sustained cleaning power and longer tank life. This product was developed for strip cleaning applications.

TYPICAL PROPERTIES

Appearance.....	Clear liquid
pH, concentrate.....	13.8
Specific Gravity	1.19
Foam	Low

HOW TO USE

PROKLEEN 1000 is designed to be used at 3% to 5% by volume at 120° to 160° F. Extremely heavy soil loads may require higher concentrations. Safe for use on iron and steel. Not for use on aluminum, galvanize, zinc, copper alloys, and other soft metals.

HEALTH & SAFETY

PROKLEEN 1000 contains caustic. Avoid contact with skin and eyes. When handling, use rubber gloves and eye protection. Avoid contact with clothing. Should contact occur, flush skin with water; for eyes, flood with high amounts of water for 15 minutes and get medical attention.

Material Safety Data Sheets are available for all Wallover products. Consult the MSDS for information regarding the storage, handling and disposal of this product.
